Honda NXR 750 Paris-Dakar

The NXR750 dominated the Paris-Dakar Rally from 1986 to 1989, winning the trophy 4 years in a row. Back then the 22 day race started in Paris and ended in Dakar/Senegal crossing nearly 15.000km of african desert. Gilles Lalay won the 1989 Paris-Dakar Rally on this motorcycle with its distinct Rothmans design.

42-LITER ALUMINIUM TOP-BOX WITH BASE 08ESY-MKS-LGALU

Made of strong and light aluminium, this 42L top box can store one full face helmet and much more. It comes equipped in standard with a backrest for the pillion. Fitted with the one-key Honda system, this top box can be operated using the same key as your Africa Twin T100. Thanks to the base included, it can be installed directly on the rear carrier of the Africa Twin Adventure Sports.

- Maximum load weight: 6 kgs
- Weight: 6 kgs
- Dimensions (L x W x H in mm): 403 x 403 x 323

This kit includes:

- 42-L Aluminium Top Box (08L73-MKS-E00)
- Top Box Base (08L80-MKS-E00)

€1,365.00

ALUMINIUM PANNIERS SET 08ESY-MKS-PNALU

Made of strong and light aluminium, this set includes 2 panniers presenting a capacity of 33 L on the right side and 37 L on the left. Fitted with a one-key Honda system, the panniers can be operated using the same key as your motorcycle. The stay included is made of stainless steel finished with electrolytic polishing, to prevent corrosion and ease cleaning operations. The Right and the Left Pannier have the same specifications but different shapes.

- Maximum load weight: 10 kgs
- Weight: 5.6 kgs • Dimensions (L x W x H in mm): 555 x 390 x 265

This kit includes:

- Right Pannier (08L75-MKS-E00)
- Left Pannier (08L76-MKS-E00)
- Panniers Stay (08L77-MKS-E00)

From €69.00 to €99.00

INNER BAGS FOR ALUMINIUM LUGGAGE

08L82-MKS-E00

Inner Bag specifically designed to fit the Aluminium Top Box. As it is waterproof and equipped with straps, it can be also attached directly onto the motorcycle. Finally, a shoulder strap makes it easy to carry.

08L84-MKS-E00

Set of 2 inner bags specifically designed to fit the right and the left aluminium panniers. Same specifications as the top box inner bags.

€612.59

58-LITER PLASTIC TOP BOX WITH BACK REST AND BASE

08ESY-MKS-LGPL

With a large capacity of 58L this plastic top box can store two full face helmets and much more. Its highly durable shell is designed for Adventure touring. Fitted with a one-key Honda system, it can be operated using the same key as your Africa Twin T100. Thanks to the patented design of its lid knob, it is also possible to access and secure your equipment without using the key. This Top Box comes with a specific backrest and it can be installed directly onto the rear carrier thanks to the base included.

- Maximum load weight: 6 kgs
- Weight: 7.2 kgs
- Dimensions (L x W x H in mm): 440 x 590 x 370

This kit includes:

- 58-L Plastic Top Box (08L70-MKS-E00)
- Back Rest (08L79-MKS-E00)
- Top Box Base (08L78-MKS-E00)

€836.89

PLASTIC PANNIERS SET

08L71-MKS-E00

Specifically designed for the new Africa Twin, this set of panniers boast an impressive capacity of 30 liters on the right side, and 40 liters on the left. Designed to offer a flat surface between them and the rear seat, they can ideally welcome the load of wide equipment on top. And yet, while the load is in place, it will still be possible to open and close the panniers. One full face helmet can be stored on the left pannier, and when the bike is on side stand, the base of the pannier will prevent it to fall out. Based on a robust two-layer shell, these panniers benefit from the protection of their lid perimeter frames, that can be replaced, if need be. Fitted with a one-key Honda system, they can be operated using the same key as your Africa Twin 1100 and they are perfectly secure thanks to a double catch LID lock.

- Weight: Right= 6.2kg, Left = 6.9kg
- Maximum load weight: 6 kg on both sides
- Dimensions (L x W x H in mm): Right = 505 x 295 x 415, Left = 505 x 330 x 415

From €59.00 to €110.00

INNER BAGS FOR PLASTIC LUGGAGE

08L81-MKS-E00

Inner Bag specifically designed to fit the 58L Plastic Top Box. As it is waterproof and equipped with straps, it can be also attached directly onto the motorcycle. Finally, a shoulder strap makes it easy to carry.

08L83-MKS-E00

Inner bag specifically designed to fit the right or the left plastic pannier. Same specifications as the top box inner bag.

€489.00

EASY 35L TOP BOX PACK 08ESY-MKK-TBCOM18

This top box has a capacity of 35L, so it can accommodate an off-road type helmet. The kit includes:

- a backrest to improve the pillion comfort
- the One-key system allows to operate the top box by using with the bike's ignition key
- the base to mount the top box on the rear carrier

€59.00

Africa Twin reaches new heights

In 2017, the Africa Twin broke the record for the highest altitude reached by a twin-cylinder motorcycle. After 5 days of acclimatisation, a team of 5 five riders piloted the Africa Twin onto the slopes of the world's highest active volcano, the Nevado Ojos del Salado - located between Argentina and Chile. Reaching 5,965 metres above sea level, the international team completed its ascent within 24 hours with Africa Twin specially equipped with Termignoni exhaust, revised final sprockets, new Metzeler MC360TM tyres and a range of Honda genuine accessories. Their route took them - in temperatures as low as minus 5 degrees Celsius - through broken asphalt, gravel, mud, sand and finally stretches of ice pockets known as 'penitentes', underlining once again the Africa Twin's credentials as the best-performing off-road motorcycle in its class.

The globe trotter machine!

The blogosphere is buzzing about guys next door starting round-trip journey to Japan with the Crosstourer. From South America to Italia, you don't have to dig deep to find local entrepreneurs or sports teachers counting on their daily VFR1200X to accomplish the greatest escape of their lives.

LUGGAGE

€699.00

39L TOP BOX 08L71-MGH-N01

39L Capacity, allowing this top box to store 1 Full-Face helmet and more. Features a locking quick-detach mounting system. Aluminium Colour. It must be combined with:
- Top Box Bracket (08Z70-MGH-J20)*
- Cylinder Inner Kit (08M70-MJE-D03)*
*Sold Separately.

€79.00

TOP BOX BRACKET 08Z70-MGH-J20

Required for fitment of the top box. Features floating system which minimises the impact of cargo weight on the bike's handling.

€479.00

PANNIER SET 08L70-MGH-N01

Set of specially designed, square and fully integrated 35L (RH) and 39L (LH) aluminium coloured panniers. Left pannier can contain most full-face helmets. Direct fitment on the bike, making use of existing mounts meaning no need for pannier brackets and stays. Can be locked/unlocked using the ignition key. Cylinder inner kit required for each pannier (sold separately).

€99.00 each

INNER BAG FOR TOP BOX OR PANNIERS 08L09-MGH-641

Black inner bag which fits perfectly within the Top Box or Panniers, allowing you to easily take your gear with you. Features carrying handle, adjustable shoulder strap, black zips and grey Honda Wing logo.

€25.00

CARGO NET 08L63-KAZ-011

A black, flexible net to hold your luggage securely to the Rear Carrier or Pillion Seat.

COMFORT

€329.00

HEATED GRIPS 5-STEP & ATTACHMENT 08T72-MGH-N13

5 position temperature adjustment. Wiring harness connecting to the inside of the cowl for easy set up. Auto heater-off function, activated by holding switch 2 seconds.

€105.00

SIDE DEFLECTOR KIT 08R70-MGH-J20

Set of L&R fairing deflectors in black polyurethane which strongly minimise rider and pillion turbulence.

€149.00

LOW SEAT 77200-MGH-N20MA

20mm lower than standard seat.

€314.00 / €367.00 / €64.00

FRONT LED FOG LIGHTS 08V72-MGS-D30

Pair of adjustable, bright white LED Front Fog Lights, for those gloomy days and nights or when riding in fog. Must be combined with Fog Lights Attachment Kit (08V70-MKA-D80), Cowl Guard (08P71-MKA-D80), and Relay Kit (08A70-MGS-D30).

FRONT FOG LAMP ATTACHMENT KIT 08V70-MGH-J21

This kit is required to fit the Front LED fog lamp kit.

ALARM & FOG LAMP DRIVER BRACKET KIT 08Z73-MGH-640

Required to install alarm and/or Front LED fog lamp kit.

PROTECTION

€325.00

COWL GUARD KIT 08P71-MGH-J20

Tubular aluminium anodised cowl decoration kit developed to emphasize the bikes rugged appearance.

€43.00

TANK PAD 08P70-MGH-J20

Adhesive-backed tank pad helps to protect tank paintwork from scratches and rubbing.

€19.00

FUEL LID COVER 08P61-MJM-800A

Carbon effect fuel lid cover.

LUGGAGE

€490.00

DCT FOOT SHIFT KIT
08U70-MGH-J20

Left foot operated ride-by-wire adjustable foot shift pedal. Mechanical and electrical pre-sets already present on the bike for easy installation.

€949.00

AKRAPOVIČ EXHAUST
08F88-MGH-916

Item contains:
- Conical Hexagonal shape muffler – ZAA shape (Stainless steel inlet / titanium outer sleeve with welded bracket / carbon fiber end cap with noise reduction insert)
- Laser engraved Akrapovič logotype and homologation markings
- Fitting kit
- Standard Akrapovič packaging box
- Meets ECE R41-02 noise regulation

SECURITY & MAINTENANCE

€336.00

AVERTO ALARM KIT
08E72-MGH-640

A compact alarm unit with 118db siren and back-up battery. Features low-consumption sleep mode to protect the battery from draining plus movement and shock detector with 8 sensitivity settings.

€490.00

ALARM MAGNETIC SWITCH
08E70-MCS-G40

This switch allows the pillion seat to be removed without setting off the Avertto alarm system.

€229.00

MAIN STAND KIT
08M70-MGH-642

Facilitates cleaning and rear wheel maintenance plus allows more secure parking on uneven surfaces.

€112.00

U-LOCK 123/217
08M53-MEE-800

U-Lock with tamper-resistant barrel key.

€165.00

CHARGER OPTIMIZER OPTIMATE 5
08M51-EWA-801E (EU)
08M51-EWA-801U (UK)

The new Honda Optimate 5 saves batteries from as low as 2V and will then charge and maintain the battery, all automatically.
Battery range : 15-192 Ah
Usage : MF / AGM, STD, GEL, EFB batteries

What's not to love with the V4?

The love story between Honda and the V4 4-Stroke DOHC engines started 40 years ago. Designed to challenge the 2 strokes dominating the Road Racing World Championship, the NR500 started the lineage of Honda bikes sharing the DNA rooted in the Crossrunner: the unique flexibility, smoothness and purity of output provided by a V4 engine.

The first Honda V4 engine developed in 1978 for the Road Racing World Championship

Tougher than the rest!

During the 2019 edition of the Gibraltar Race, Renato Zocchi steered the X-Adv to the Class 2 victory in this especially tough 7,000-km rally from Baltic Sea to Atlantic Ocean. The seasoned off-road rider not only won his class but also put himself as seventh overall in the event, beating out the competition of purpose-built dirt bikes and adventure tourers. While the X-Adv was specially prepared with extra wheel travel and ground clearance Zocchi kept the footboards and drove its DCT version on Gravel mode. Another proof that no matter where you want to go, the X-ADV is tougher than the rest to get you there!

745 cc Parallel Twin	3.5 l/100 km	1

Do you really need a left lever to enjoy riding?

The Dual Clutch Transmission made its worldwide debuts for motorbikes in 2010 with the Honda VFR 1200. Now entering its 3rd generation and downsized to suit mid-displacement bikes, the DCT is completely different from the belt-type transmissions used by most scooters: it is structurally a conventional 6-speed gear ratio transmission, yet electronically controlled when changing speeds. Keep the fun of a manual transmission; enjoy the comfort of an automatic one!

LUGGAGE

HONDA TECHNOLOGY

ANTI-LOCK BRAKING SYSTEM

Reduces braking pressure by monitoring the wheel speed, preventing the wheels from locking up.

EURO 4

Complies with EURO 4 emissions regulations.

G SWITCH

Triggered by a switch on the instrument panel, G Mode improves traction and machine control by reducing clutch slip during gear changes.

HELMET STORAGE

Large storage space for a full-face helmet.

HONDA EVOLUTIONAL CATALYSING SYSTEM

Oxygen-sensing system maintains an optimal air/fuel mixture for the most effective catalytic reduction of exhaust emissions.

HONDA IGNITION SECURITY SYSTEM

Only allows the bike to be started by its original encoded keys to effectively protect against theft.

HONDA MULTI-ACTION SYSTEM

Cartridge-type front fork and rear damper design ensures a confident balance of compliant damping and precise handling.

ELECTRIC START

Instead of kickstarting the bike electric start offers a simple more convenient way to start the engine.

HONDA SELECTABLE TORQUE CONTROL

If the Honda Selectable Torque Control (HSTC) system senses an imminent loss of rear wheel traction it reduces torque to allow the tyre to grip.

LED LIGHTS

Brighter and more energy efficient than traditional bulbs, with no time delay and a longer life.

SMART KEY

This innovative technology improves both convenience and security. As long as your key is in your pocket or bag, you can release the seat and start the engine with the press of a button.

PROGRAMMED FUEL INJECTION

Map-type computerised system maintains strong power and responsive performance in all conditions.

SHOWA DUAL BENDING VALVE

Showa Dual Bending Valve forks improve ride comfort and handling by delivering proportional rebound damping with firmer compression damping.

PRO-LINK® REAR SUSPENSION

Monoshock rear suspension utilises a triangular linkage system to progressively increase damping force through range of rear swingarm movement.

ALUMINIUM FRAME

One-third the weight of steel, the aluminium frame is stiffer and lighter to make sure every second counts.

TWS RIDING MODE SELECT SYSTEM

Giving a choice of 3 riding modes; Mode 1 delivers standard ECU maps, Mode 2 provides smoother throttle control and Mode 3 returns a more aggressive power delivery.

Honda has developed and applied many innovative technologies for its motorcycle range, designed to have the greatest possible benefit for you and the world around you.

HONDA DCT DUAL CLUTCH TRANSMISSION

DCT is an automated clutch and shift operation system that retains the direct acceleration feel of a manual transmission with the ease of use of an automatic. DCT allows the rider to focus on accelerating, turning and braking, rather than gear shifting. This increases confidence and control for the rider. DCT technology takes the joy of riding and controlling your machine to the next level.

FREEDOM

Ride without concerning yourself with the clutch lever and shift pedal, for smooth and seamless gear changes.

CONTROL

Switch between auto and manual mode to suit any riding environment. Eliminate shift shocks like an expert biker.

2 AUTOMATIC MODES

S -Sport- For a more sporty driving style.
D -Drive- For relaxed city and highway driving.

1 MANUAL SELECT MODE

MT, with change of gear via left hand.

G SWITCH*

Improves rear wheel traction when off-road.

AFRICA TWIN
ADVENTURE
SPORTS

AFRICA TWIN

X-ADV

HONDA ADVENTURE ROADS.

We build the Africa Twin for adventure. And we've built Honda Adventure Roads for Africa Twin owners to ride, explore, and push themselves – and their motorcycles – to a whole new level of experience.

First, 30 riders conquered Scandinavia, taking part in an epic ride from Oslo to Nordkapp, Norway. Then, in 2019, came the stunning backdrop of South Africa and the awe-inspiring, challenging terrain the Africa Twin was born for.

Planning is underway for the next Honda Adventure Roads. So if you're looking for an amazing, unforgettable event, the chance to really know what you and your Africa Twin are capable of and the opportunity to be led – and learn new skills – from HRC's pro-rally riders while enjoying the camaraderie of like-minded souls, then watch this space:

WWW.HONDAADVENTUREROADS.COM

Register your interest, stay tuned for news and get ready to play your part in writing the next chapter of Honda Adventure Roads.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
