PRESS RELEASE

The bike that changed everything

After 5 consecutive titles in the World Grand Prix Road Racing Series, Honda decided to withdraw and turn toward its primary target: transfer the technology obtained in competition to develop high-performance consumer machines. After a first attempt with a 450cc, Honda released the CB750 Four in January 1969. The initial production forecast of 1,500 units a year became soon a monthly figure and then jumped to 3,000 units/month. By pushing the boundaries of performance, reliability and easy handling in motorcycles, Honda created a new class of Superbikes. The CB1000R is the modern expression of the same spirit that guides Honda engineers since decades.

*The Dream CB750 FOUR, which
hit the market in July 1969*

1000R

— NEO SPORTS CAFÉ —

€715.00

QUICK SHIFTER*

08U70-MKJ-D00

By measuring the intensity of the shifting input, the quick shifter enables the rider to change gear without the need to operate the clutch lever or shut the throttle.

The system aids in upshifting and downshifting, maximizing the riding experience.

€234.00

METER VISOR* **08R71-MKJ-E50**

Meter visor fitted with a high quality aluminium panel to enhance the iconic look of the CB1000R.

€60.00

GRIP ENDS SET **08F71-MKJ-E50**

Give your CB1000R a more sporty look with this set of Grip Ends and protect your grip in case of fall.

€212.00

FRONT FENDER PANEL KIT* **08F79-MKJ-D00**

High quality aluminium panel to add to the front fender of the CB1000R.

PERFORMANCE & DESIGN

€268.00

SINGLE SEAT COWL* **08F70-MKJ-E50ZA or ZB / 08F80-MKJ-D00ZA**

Seat cowl matching the colour of the bike, fitted with a high-quality aluminium panel.

To be installed instead of the passenger seat.

3 colours available:

- Mat Ballistic Black (E50ZA)
- Mat Beta Silver Metallic (E50ZB)
- Candy Chromosphere Red (D00ZA)

€240.00

RADIATOR GRILL **08F75-MKJ-E50**

Made of stainless steel, the Radiator Grill increases the CB1000R tough image. Its original mesh pattern combines cooling capability with protection against stone chippings for the radiator.

€79.00

WHEEL STRIPE KIT **08F74-MKJ-D00ZA**

Easy to apply wheel decal kit.

Silver colour-accented vinyl stripes featuring the CB1000 logo.

* Accessories already mounted on CB1000R Black Edition.

ACCESSORIES

CB650R

PRESS RELEASE

Where are these beautiful curves coming from?

One of the most distinctive attributes of the CB650R is its swooping four-into-one exhaust system. This beautiful design is a tribute to another iconic Honda: the CB400F also known as the CB 400 Four. Produced between 1975 and 1977, the CB 400 Four caused quite a stir thanks to its café racer look. Delivering only 37 bhp (28 kW) at 8,500 rpm and 24 lb-ft (33 N-m) at 7,500 rpm, its four-in-line engine was not meant to take the racetracks by storm. Yet, back in the late 70's, some versions upgraded to 492cc were capable of 13,500 rpm and producing an estimated 60 bhp (45 kW).

CB
650R

— NEO SPORTS CAFE —

€125.00

METER VISOR KIT

08R70-MKN-D50

The meter visor is fitted with a high-quality aluminium panel to further enhance the iconic look of the CB650R. Stays are sold separately (see 08R74-MKN-D50).

CB500F

PRESS RELEASE

Is reliability supposed to be boring?

It's not rare to find CB500 proudly boasting more than 300,000 kms (more than 186,000 miles), but the long-time favourite of the couriers and the driving school is much more than a workhorse. Started in France in 1996, the CB500 Cup spread across Europe quickly and helped young talents such as Sebastien Charpentier or James Toseland to make a name by themselves, on a budget.

ACCESSORIES

REBEL 1100

**NEW
MODEL**

Do you really need a clutch lever?

The Dual Clutch Transmission made its worldwide debuts for motorbikes in 2010 with the Honda VFR 1200. It has been constantly improved since then. DCT allows the rider to focus on accelerating, turning and braking, rather than gear shifting.

This increases confidence and control for the rider.

The DCT is completely different from the automatic transmission used by most scooters: it is structurally a conventional 6-speed transmission electronically controlled.

REBEL 1100

€240.00

HEAD LIGHT COWL **08ESY-MLA-HL**

Adopt the power cruiser style with this head light cowl. It will also make your ride more comfortable by reducing the wind pressure to your upper body. The stay is included.

€286.00

SHORT FRONT FENDER **08P70-MLA-D00**

The Short Front Fender featured the Rebel logo stripe and will add sporty touch to your bike. It matches perfectly with the head light cowl.

€477.00

SCREEN COWL **08ESY-MLA-SC**

With its classic style, the Screen Cowl offers the maximum protection to the riders looking for long-distance cruising.

Stays and attachment are included.

DESIGN & PROTECTION

€16.00

CENTER TANK PAD **08P70-MLA-A00**

This pad is exclusively designed to fit the tank shape and to protect it from scratches. With its "Rebel" logo and its diamond cut pattern, it matches beautifully the wadding design of the special seats (sold separately / see COMFORT section).

€30.00

SIDE TANK PADS SET **08P71-MLA-A00**

This pad is exclusively designed to fit the tank shape and to protect it from scratches. The diamond cut pattern matches perfectly the wadding design of the brown or black special seats (sold separately / see COMFORT section).

€21.00

WHEEL STRIPES **08F70 or 08F71-MLA-A00ZA**

Available in Mat Axis Gray Metallic, the wheel stripes add a final touch and some protection to your rims. Each kit can underline one wheel, the front one or the rear one:

- 16" Rear (08F70)
- 18" Front (08F71)

€125.00

DIAMOND MAIN SEAT

08R75-MLA-A00ZA or ZB

Thanks to its distinctive pattern and its luxurious leather material, the Diamond Seat will make your Rebel 1100 to stand out. It will also improve significantly your comfort for long riding. 2 colours available:

- Buffalo Brown (ZA)
- Black (ZB)

€125.00

DIAMOND MAIN SEAT SPECIAL

08R72-MLA-J00ZA or ZB

Same specifications as the Diamond Main Seat, the Special Seat has an extra 25mm cushion added, that will push slightly forward the rider who prefers to not extend too much the legs. 2 colours available:

- Buffalo Brown (ZA)
- Black (ZB)

€73.00

BROWN PASSENGER SEAT

08R73-MLA-J00ZA

This Passenger Seat will match perfectly the Buffalo Brown Diamond Seats (sold separately).

COMFORT

€68.00

MAIN SEAT 25MM FORWARD

08R80-MLA-A00ZA

This seat adopts the same design as the standard seat but its extra 25mm cushion helps the rider to adopt a more comfortable position.

€173.00

BACKREST KIT

08ESY-MLA-BR

To offer a smooth ride to your pillion, equip your Rebel 1100 with this backrest kit including a comfortable pad.

€275.00

GRIP HEATERS WITH ATTACHMENT

08ESY-MLA-GH

Extremely slim heated grips with smart heat allocation and 5 different heat levels. The level selected is displayed on the meter. An integrated circuit protects the battery from draining.

€125.00

REBEL 500

NEW MODEL

PRESS RELEASE

From one Rebel to another?

Since 2013, The Bike Shed London is a motorcycle exhibition like no other celebrating the creative culture around the custom bike scene. It is there that Keita Mikura, the Rebel's Project Leader, was inspired to create a new kind of machine for young riders, leaving free space for further customization.

In 2017, the Rebel concept became reality and reached another level, thanks to the vision and the craftsmanship of 2 Brits: Dan Gold, a tattoo artist and Russ Brown, a custom bike builder.

rebel

€100.00

HEADLIGHT COWL

08R70-K87-A30

This black headlight cowl boosts the tough stance of the Rebel and protects against the wind while riding. Non-compatible with the Meter Visor.

€50.00

FRONT FORK BOOTS SET

08F70-K87-A30

The fork boots have been tested to protect the tubes against scratches and to ease smooth fork motion. Mounted with the fork covers (sold separately), they accentuate the 500 Rebel's unique attitude.

€80.00

FRONT FORK COVERS SET

08F71-K87-A30

The matt black coating of these front fork covers accentuates the Rebel's tough image.

DESIGN & PROTECTION

€250.00

BLACK CUSTOM RIDER SEAT

08R76-K87-A30ZA

The custom rider seat boosts the wild design of the 500 Rebel. Its slim-shaped cushion provides a 60 mm+ thickness without impairing the rider comfort.

€35.00

TANK PADS

08P70-K87-A30 / 08P71-K87-A30

These rubber-made pads are exclusively designed to fit the tank shape and to protect it from scratches. The diamond-cut pattern of the surfaces matches the design of the custom rider seat sold separately.

- Centre pad (08P70-K87-A30)
- Side pads (08P71-K87-A30)

€35.00

€300.00

GOLD WING / GOLD WING TOUR

**NEW
MODEL**

When long-distance motorcycling became a reality

Honda's Gold Wing is one of the most iconic names in biking history. Revealed back in 1975, the Gold Wing became through the years, a synonym of long-distance motorcycling. The world's longest motorcycle ride, spanning 10 years, 279 countries and a total distance of 457,000 miles (735,000 km) was achieved by an Argentinian rider on a 1980 Honda Gold Wing GL1100.

HONDA TECHNOLOGY

AIR BAG

A tank-mounted front and rear brakes when the rear brake pedal (or lever) is engaged, for a smooth and confident balance of braking control.

ANTI-LOCK BRAKING SYSTEM

Reduces braking pressure by monitoring the wheel speed, preventing the wheels from locking up.

COMBINED BRAKE SYSTEM

Actuates both front and rear brakes when the rear brake pedal (or lever) is engaged, for a smooth and confident balance of braking control.

DUAL CLUTCH TRANSMISSION

Combines the riding enjoyment of a manual transmission with the convenience of an automatic, delivering enhanced comfort and sporty performance.

EURO 5

Complies with EURO 5 emissions regulations.

HONDA EVOLUTIONAL CATALYSING SYSTEM

Oxygen-sensing system maintains an optimal air/fuel mixture for the most effective catalytic reduction of exhaust emissions.

HONDA IGNITION SECURITY SYSTEM

Only allows the bike to be started by its original encoded keys to effectively protect against theft.

HONDA SELECTABLE TORQUE CONTROL

If the Honda Selectable Torque Control (HSTC) system senses an imminent loss of rear wheel traction it reduces torque to allow the tyre to grip. Multiple levels are selectable according to riding mode or user preference.

HILL START ASSIST

After stopping on an incline an extra squeeze of brake maintains hydraulic pressure to the rear caliper – when it's time to move simply open the throttle.

WHEELIE CONTROL

The IMU measures the pitch angle and, combined with front and rear wheel speed, manages the amount of height the front wheel gathers relative to the level of intervention selected. Level 1 is minimum Wheelie Control, level 2 medium and level 3 maximum. Wheelie Control can also be switched off completely.

HONDA SMARTPHONE VOICE CONTROL SYSTEM

Bluetooth connectivity for easy management of navigation, calls, messages and music whilst riding. Available with Android™ devices only.

LED LIGHTS

Brighter and more energy efficient than traditional bulbs, with no time delay and a longer life.

PROGRAMMED FUEL INJECTION

Map-type computerised system maintains strong power and responsive performance in all conditions.

REVERSE GEAR

Getting the Gold Wing into – or out of – wherever you want it is made effortless by the addition of an easy-to-use reverse gear.

SMART KEY

This innovative technology improves both convenience and security. As long as your key is in your pocket or bag, you can release the seat and start the engine with the press of a button.

RIDING MODE SELECT

Each riding mode adjusts parameters of the motorcycle for example: power output; level of engine braking; suspension damping, ABS and HSTC.

RADIAL MOUNT CALIPERS

Offers better alignment to the disc and rigidity. Radial-mount calipers are secured and supported at both ends providing less caliper flex and better braking performance.

USB CHARGING

We've subtly integrated a USB socket into the under-seat storage compartment. No need for an adaptor; simply connect your device's lead, plug it in, and go.

TFT DISPLAY

Full colour TFT screen to control riding modes, along with other bike parameters. Displays key information such as Gear Position indicator and rev counter.

LCD DISPLAY

Sharp and clear information and warning lights presented in a rich and easy to read display.

HONDA DCT DUAL CLUTCH TRANSMISSION

DCT is an automated clutch and shift operation system that retains the direct acceleration feel of a manual transmission with the ease of use of an automatic. DCT allows the rider to focus on accelerating, turning and braking, rather than gear shifting. This increases confidence and control for the rider. DCT technology takes the joy of riding and controlling your machine to the next level.

FREEDOM

Ride without concerning yourself with the clutch lever and shift pedal, for smooth and seamless gear changes.

2 AUTOMATIC MODES

S -Sport- For a more sporty driving style.
D -Drive- For relaxed city and highway driving.

1 MANUAL SELECT MODE

MT, with change of gear via left hand.

G SWITCH*

Improves rear wheel traction when off-road.

*Only for Africa Twin & X-ADV

CONTROL

Switch between auto and manual mode to suit any riding environment. Eliminate shift shocks like an expert biker.

DREAMS REALLY DO COME TRUE

Soichiro Honda said,

**“There are qualities which lead to success.
Courage, perseverance, the ability to dream
and to persevere.”**

Honda's philosophy in dreaming of a better world for people catalysed the invention of the ASIMO, HondaJet, NSX and the legendary Africa Twin. Dreams can be powerful, they push you to achieve more, to explore new ideas, new technologies and uncover new ways of solving problems. It takes independent thinking and audacity to pursue dreams. It also takes passion and innovation to never allow the dream to die and to shape them into a reality for the modern-day world.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
